Force Protection Video Hires Manager for Citadel Management Software Secure Storage Solutions

Business Wire

CARY, N.C. -- December 14, 2015

Force Protection Video Equipment (OTC Markets: “FPVD”) announced today it has hired Joe Kosoglow as the manager for our a new CITADEL management software
and total security onsite storage.

Joe brings tremendous experience in technology management to Force Protection Video. He has experience establishing key business partnerships with IBM,
3Com, Microsoft and Hewlett Packard. Joe has also developed effective business plans/strategies to improve service delivery, customer satisfaction, sales
revenues and profit margin and has hired, coached and mentored management teams.

We are extremely fortunate to be able to have a person of Joe Kosoglow's caliber join our Force Protection Team.

Joe Kosoglow is a decorated US Marine who is the recipient of the SILVER STAR and PURPLE HEART.

The Citadel audio/video management software and storage solution fills another request and need from law enforcement to provide and an affordable solution to
manage and store audio and video recordings securely on site without long term contracts and excessive storage fees.

The Force Protection Video LE150 camera is a rugged HD design which incorporates Ambarella (NASDAQ AMBA) made chips that allow cameras and other
devices to record high definition video. It is the chip supplier of the popular GoPro (NASDAQ:GPRO) sports cameras.

Force Protection Video Equipment has over 30 Years experience proving quality video and audio equipment to Law Enforcement.
